Reads:-

The following letters from the Excise Commr in Mysore:

(1) No: 2641/98 & 10th Octr 1899

(2) No: 2846 & 28th Octr 1899.

(3) No: 3713/154 114 & 13th Decr 1899

Submitting statements showing the consumption of Arack in the separate shops of the State during the three months of July August and September 1899 as compared with the consumption during the corresponding months of the previous year

Order thereon No: 4679 & 30/12/99
Ex. F 12 of 96-97

As shown by the accompanying abstract, there was a decrease of consumption in the Towns of Bangalore, Kolar, Tumkur, Hassan and Chickmagalur In the first three towns the decrease was due either to the recrudescence of plague or to the consumers not having returned

returned to the urban areas from villages whither they had gone during the last outbreak of plague. In the last five places, it was an outcome of the depression in the Coffee industry. In the remaining three localities of the Sepasali Shola, the consumption, on the other hand increased, the large increase of 4901 gallons in the Nilgiri Gold Field being ~~said to have been~~ due to the subsidence of plague and the reopening of the Balaghat mines - On the whole there was an increase of 3,868 gallons in the consumption of arrack.

of plague. The causes that brought about the decrease are:-

(1) High prices of food grains all over the State in December.

(2) Recrudescence of plague or the consumers not having returned to towns from villages ~~on account of plague outbreaks~~ (where they had gone during the last outbreak of plague.

(3) depression of coffee industry around Chickmagalur & Hassan.

(4) ~~&~~ migration of coolies from Shimoga to Mysore in quest of labour.

On the whole there was an increase of 1,306 gallons in the consumption of Arrack
